the interpretation of myth

presented relevant theories of mythic thinking and Claude Levi-Strauss have methods for analyzing myth. For the purposes of this paper I will first present the theoretical foundation of each of these men, then I will use the example of the White Buffalo Woman myth in the book *Black Elk Speaks* to demonstrate how the theories apply to a specific myth, and finally I will compare the interpretations and theories of Jung versus Levi-Strauss. Jung puts primary stress on the origin of mythic thinking as from the unconscious psyche. Jung, interested in the workings of the mind, came up with a theory (based on Freud) in which the mind is divided into the rational, individualistic consciousness, and the dual unconscious consisting of a personal and collective unconscious. Jung's unconscious consists of a sexual personality (the psyche of gender (animus versus anima). Personal repressed sexual acts are important in the way they cause the psyche to seek to help man use the unconscious in order to share projections closely to share projections. According to Jung however, the aspects of the ego, psyche, and collective unconscious are most important in the classification of myth.

# LAST WILL AND TESTAMENT

I, Hubbard Alexander, leave TPS with more knowledge and understanding of people and myself than when I came. To everyone who made this a pleasant year, a special thanks — especially Mr. & Mrs. Williams, Mr. Duke, and Coach Burke. To Mr. & Mrs. Moore, I leave my friendship and a special thanks for all the long talks about all the problems I've had. To Chiffonda Washington, stay slick little brother. I leave to Mr. Wells all the things he has done for me in the years of spending his time teaching me the ways of outside living. "Thanks. Stay cool." I leave to the people who have thought wisely of me as I walk out into the world.

I, Jacqueline Anderson, leave to Mr. & Mrs. Austin my love and my blessings for helping me through this last year at TPS. I hope that someday we will meet again. Just remember the way I was and I will always remember the way you were. I love YOU!!! I leave to my mother (Mrs. Batey) and Mrs. Rivers all my love and blessings and all the fun times we had together, but just remember, I love you. I leave to my sister (Jackie Yarbrough) all my love and I hope that you will be able to make it through TPS. I leave to Youlanda Kelly and Mark French all my love and hope that they will be able to make it through life together. Just remember Jackie and Youlanda, I love you both and please take care of yourselves. I leave to Robin and Karla all my love and the support to live at this place. I leave to Mr. Duke, Mr. Todd, and Mr. Chumley all the love and happiness. Thanks for helping me through this year at TPS. I leave to Michael Ross my love and hope that you will reach your goal in life. Take care and always remember me and I will remember you.

I, Sherry Bowman, leave to Mr. & Mrs. Moore my love and thanks for showing me how I can be somebody. To Mrs. Rivers, I thank you for putting up with me this year. I love you.
